Hi Eric, I was just talking to a friend whose little bro is starting at CMU in the fall as a junior(?) transfer and wants to go into video production. I told him one of the best professors I had was you and that he needed to get in one of your classes!

Just wanted to see how things are going up there with you?? Probably not as good as when you had that promising group of up and comers unsuccessfully producing a morning variety show! :)

Hitting up any cool music festivals this summer? My friend just moved to Milwaukee and I think we're going to go check out summerfest this year.

Anyways, hope you're doing well and just wanted to say hi!
